More information about the 2016 Land Rover Range Rover: The fourth-generation Range Rover retains everything customers loved about the previous model, and Land Rover has improved upon all of it. The result is a massively capable on- or off-road luxury SUV with loads of power, smart handling, extensive use of technology and more creature comforts than you can imagine. It rivals anything produced by Mercedes or Porsche, and in fact now weighs less than either the Cayenne Turbo or GL450, thanks to extensive use of aluminum. The result is the most refined Range Rover yet. Interesting features of this model are inspired handling characteristics, All-aluminum body structure, available supercharged V8 power, fantastic off-road capabilities, and efficient diesel engine available All efficacy claims statements are relevant when disinfectant product is applied correctly. This disinfectant product has been approved registered by the EPA for use against SARS-CoV-2, the virus that causes Disease 2019 (COVID-19). Disinfectant methods or claims should not be deemed to state or imply these products can eliminate or prevent transmission of any virus, illness or disease. For product manufacturer or EPA registration information, see an AutoNation Service Associate for details.
